

RODRIGO DAL BEN DE SOUZA

Phone: +1 403-410-2000 ext. 6928

e-mail: dalbenwork@gmail.com

Open Science Framework: [/ebvd5/](https://osf.io/ebvd5/)

GitHub: [/RodDalBen](https://github.com/RodDalBen)

Personal website: <https://roddalben.github.io/>

Psychology Program

Ambrose University

Calgary, AB

Canada

RESEARCH INTERESTS

Child development, speech perception, word learning, neuroscience, psycholinguistics, contingencies of reinforcement, quantitative methods, open science.

EXPERIENCE

Postdoctoral Fellow

2022 - present

Ambrose University, Calgary, Canada, Psychology

Teaching focused: Research Methods, Data Analysis, Child Development

Supervisor: Joel Thiessen

Postdoctoral Fellow

2020 - 2021

Concordia University, Montreal, Canada, Psychology

Project: Open Science Practices in Infant Research

Supervisor: Krista Byers-Heinlein

International Postdoctoral Research Associate

2020 - 2020

Concordia University, Psychology (remote)

Project: Open Science Practices in Infant Research

Supervisor: Krista Byers-Heinlein

EDUCATION AND RESEARCH TRAINING

Professional Certificate

2020 - 2022

Harvard University, edX, Data Science

Topics: R, visualization, probability, inference, modeling,

version control, data wrangling, machine learning

Ph.D. Universidade Federal de São Carlos, Brazil, Psychology

2016 - 2020

Dissertation: Speech Segmentation and Word Learning in Parallel

Emphasis: Developmental Psychology

Advisor: Débora de Hollanda Souza;

Co-advisor: Jessica F. Hay

- | | |
|---|-------------|
| Research Internship | 2018 - 2019 |
| University of Tennessee, Knoxville, Psychology | |
| Topics: developmental research, eye-tracking, online research, natural speech analysis, data analysis | |
| Supervisor: Jessica F. Hay | |
| | |
| M.A. | 2014 - 2016 |
| Universidade Federal de São Carlos, Brazil, Psychology | |
| Thesis: Effects of Vocal Model and Planned Consequences on Children's Descriptions | |
| Emphasis: Behavior Analysis | |
| Advisor: Antônio Celso de Noronha Goyos | |
| | |
| B.A. | 2009 - 2013 |
| Centro Universitário Filadélfia, Brazil, Psychology | |
| Honours: Publication Trends in the Analysis of Verbal Behavior | |
| Emphasis: Behavior Analysis | |
| Advisor: Marcos Roberto Garcia | |

Dal Ben, R. (in preparation). SHINE_color: controlling low-level properties of colorful images. PsyArXiv: <https://psyarxiv.com/fec6x/>

Delefrati, V. R. T., Tardem, M. F., **Dal Ben, R.**, & Hübner, M. M. C. (in preparation). *The Emergence of Mands and Tacts in Children with ASD: A systematic replication*.

RESEARCH SCHOLARSHIP AND AWARDS

Feasibility of a Virtual Intervention for Culturally and Linguistically Diverse Children at Risk of Autism Spectrum Disorders (submitted)

PI: Ana Maria Gonzalez-Barrero
Co-Applicant: Isabel Smith
Collaborator: Rodrigo Dal Ben
Agency: Research Nova Scotia (researchNS)
Program: New Health Investigator
Funding: \$100,00.00 CAD
Duration: 2023 – 2025 (2 years)

Non-adjacent dependency learning: an integrated account from Psycholinguistics, Computational Modeling, and Formalist Theory – Not granted

PI: Cristina Name
Collaborator: Rodrigo Dal Ben
Agency: National Council for Scientific and Technological Development (Brazil)
Program: International Networks in the Social Sciences
Funding: \$130,00.00 BRL (~ \$25,061.20 USD)
Duration: 2022 – 2024 (2 years)

Cross-situational word learning: Systematic Review and Meta-analysis

PI: Rodrigo Dal Ben
Agency: Ambrose University
Program: Ambrose Research Fund
Funding: \$2,750.00 CAD
Duration: 2023 – 2024 (1 year)

Links between bilingualism and cognition in infancy (rank: 1st place)

PI: Rodrigo Dal Ben

Supervisor: Krista Byers-Heinlein

Agency: Fonds de recherche du Quebec – Nature et Technologies (FRQNT)

Program: Bourses postdoctorales

Funding: \$90,000.00 CAD

Duration: 2023 – 2025 (2 years)

Links between bilingualism and cognition in infancy (rank: 1st place) – Declined

PI: Rodrigo Dal Ben

Supervisor: Krista Byers-Heinlein

Agency: Fonds de recherche du Quebec – Société et culture (FRQSC)

Program: Bourses postdoctorales

Funding: \$90,000.00 CAD

Duration: 2022 – 2024 (2 years)

Bilingualism, social language, and executive functioning in school-age children with autism spectrum disorders (Rank: 1st place)

PI: Ana Maria Gonzalez-Barrero

Co-Applicant: Isabel Smith

Collaborator: Rodrigo Dal Ben

Agency: Social Sciences and Humanities Research Council (SSHRC)

Program: Insight Development Grant

Funding: \$49,243.00 CAD

Duration: 2022 – 2024 (2 years)

An open phonotactic and orthotactic probabilities calculator

PI: Rodrigo Dal Ben

Agency: Ambrose University

Program: Ambrose Research Fund

Funding: \$4,551.00 CAD

Duration: 2022 – 2023 (1 year)

Open Science practice in infant research

PI: Krista Byers-Heinlein

Agency: Concordia University

Program: Horizon Postdoctoral Fellowship

Funding: \$76,000 CAD

Duration: 2020 – 2022 (2 years)

Speech Segmentation and Word Learning in Parallel

PI: Rodrigo Dal Ben

Co-PI: Débora de Hollanda Souza

Agency: São Paulo Research Foundation

Program: International Research Internship

Funding: \$25,830.00 USD

Duration: 2018 – 2019 (1 year)

Speech Segmentation and Word Learning in Parallel (Ph.D. scholarship)

PI: Rodrigo Dal Ben

Co-PI: Débora de Hollanda Souza

Agency: São Paulo Research Foundation

Funding: R\$ 131,552.72 (~ \$24,452.17 USD)

Duration: 2016 – 2020 (4 years)

Effects of Vocal Model and Planned Consequences on Children's Descriptions (M.A. scholarship)

PI: Rodrigo Dal Ben

Co-PI: Antônio Celso de Noronha Goyos

Agency: São Paulo Research Foundation

Funding: R\$ 46,258.98 (~ \$8,598.32 USD)

Duration: 2014 – 2016 (2 years)

Travel Grant. 2nd Lancaster International Conference on Infant and Early Child Development, The Leverhulme Trust, 2017

Senior Student Presenter Grant. 41st Annual Convention of the Association for Behavior Analysis International, Society for the Advancement of Behavior Analysis, 2015

Research Award Prof. Reynaldo Camargo Neves. Best undergraduate research project in Psychology, Centro Universitário Filadélfia, 2014

SOFTWARE & WEB DEVELOPMENT

In progress

SHINE_color: controlling low-level properties of colorful images.

Details: An open source MATLAB toolbox designed for controlling low-level properties of colorful images (static or dynamic). PsyArXiv: <https://psyarxiv.com/fec6x/>

Open phonotactic calculator (R, ShinyApp)

Details: The calculator take as input any corpus (phonetic or orthographic) and calculate the phonotactic/orthographic probabilities for n-grams (mono, bi, tri ...) on that corpus. The calculator will be publicly distributed as an R package.

2020

ManyBabies website major update (HTML, CSS, YAML, Markdown)

Details: The ManyBabies website serves as the first stop for new and returning collaborators and offers many resources for researchers interested in infant research. The website is open source (hosted on GitHub pages), written using markdown, yaml, and html (.css) languages, and can be [accessed here](#).

ManyBabies collaborators Shiny map (R, ShinyApp)

Details: Interactive map of ManyBabies 247 collaborators from 36 countries, and working in 13 projects. The map was created in R & Shiny Apps and is publicly [available here](#).

2019

Lum_fun: A set of tools to control luminance of colored images (MATLAB)

Details: Open source MATLAB script designed for matching luminance of colorful images to be used in pupillometry studies with infants. Available at: <https://osf.io/auzjy/> (Version 0.2)

CONFERENCE POSTERS AND PRESENTATIONS

(Recent presentations)

Prequero, I. T., **Dal Ben, R.**, & Souza, D. H. (2022, October). O papel de regularidades estatísticas na segmentação de fala e mapeamento simultâneo com estímulos visuais: um procedimento go/no-go. Oral presentation at 52ª Reunião Anual da Sociedade Brasileira de Psicologia. [Title translation: Speech segmentation and cross-situational word learning in parallel: a go/no-go design]

Dal Ben, R., Killam, H., Iliaei, S., & Byers-Heinlein, K. (2022, July). *Bilingualism affects infant cognition: Insights from new and open data*. Oral presentation at the International Conference on Infant Studies, Ottawa, Canada.

/L+/ Team, with Garcia, R., ... **Dal Ben, R.**, and 22+ others (2022, July). *Western Biases in Infant Research: The state of the field and strategies for change*. Poster presentation at the International Conference on Infant Studies, Ottawa, Canada.

Dal Ben, R. (2022, May) *Speech segmentation and cross-situational word learning in parallel*. Oral presentation at the Oncoto – Proncovo: Rumos do INCT-ECCE Conference, Sao Carlos, Brazil.

ManyBabies Consortium, with Yuen, F., ... **Dal Ben, R.**, and 20+ others (2022, April). *Validation of an open source, web-based, eye-tracking method (WebGazer) for research on cognitive development: Comparison of anticipatory looking behavior in toddlers tested via web-based vs. in-lab eye-tracking*. Oral presentation at Cognitive Development Society Biennial Conference, Madison, USA.

Dal Ben, R. (2022, March). *Adjacent probabilities: Do we track statistics to learn new words?* Oral presentation at Ambrose Research Conference, Calgary, Canada.

Prequero, I. T., **Dal Ben, R.**, Souza, D. H. (2020, October). *O uso de medidas eletrofisiológicas na pesquisa sobre aprendizagem estatística na aquisição de linguagem: uma revisão sistemática*. Poster presented at the 50th Reunião Anual da Sociedade Brasileira de Psicologia, Online event, Brazil.
[Title translation: Electrophysiological measures and statistical language learning: systematic review]

Prequero, I. T., **Dal Ben, R.**, Souza, D. H. (2019, October). *Efeitos da probabilidade transicional e fonotática na extração de palavras e mapeamento simultâneo com estímulos visuais ao longo de tentativas ambíguas*. Poster presented at the 49th Reunião Anual da Sociedade Brasileira de Psicologia, Joao Pessoa, Brazil.

- [Title translation: Effects of transitional and phonotactic probabilities on parallel speech segmentation and cross-situational word learning]
- Dal Ben, R., & Souza, D. H.** (2019, September). *Looking Out the Window and Back Inside: A Behavioral Explanation of Early Speech Perception*. Talk given at the 10th International Conference of the Association for Behavior Analysis International, Stockholm, Sweden.
- Dal Ben, R., Souza, D. H., & Hay, J. F.** (2019, September). *The Effects of Subtle Pre-Experimental History on Speech Perception*. Poster presented at the 10th International Conference of the Association for Behavior Analysis International, Stockholm, Sweden.
- Dal Ben, R., Souza, D. H., & Hay, J. F.** (2019, June). *Subtle Differences in Phonotactic Probability Affect Speech Processing in Brazilian-Portuguese Adults*. Poster presented at the International Conference on Interdisciplinary Advances in Statistical Learning, Donostia-San Sebastian, Spain.
- Dal Ben, R., Souza, D. H., & Hay, J. F.** (2019, June). *Cross-situational word learning: a decade of research*. Poster presented at the International Conference on Interdisciplinary Advances in Statistical Learning, Donostia-San Sebastian, Spain.
- Dal Ben, R., Souza, D. H., & Hay, J. F.** (2019, May). *Subtle Differences in Phonotactic Probability Affect Speech Processing in Brazilian-Portuguese Adults*. Poster presented at the 31st Annual Conference of the Association for Psychological Science, Washington, USA.
- Dal Ben, R., Souza, D. H., & Hay, J. F.** (2017, August). *Speech Segmentation and Cross-Situational Word Learning in Parallel*. Poster presented at the 2nd Lancaster International Conference on Infant and Early Child Development, Lancaster, UK.
- Dal Ben, R. & Calixto, F. C.** (2016, May). *Quem somos nós na fila do pão: reflexões não tão profundas sobre a vida na academia*. Talk given at the 14th Jornada de Análise do Comportamento da UFSCar, São Carlos, Brazil.
[Title translation: Our place in the world: not so serious reflections about life in academia]
- Dal Ben, R. & Goyos, A. C. N.** (2015, July). *Efeitos de modelos vocais em voz passiva versus consequências contingentes à voz ativa sobre descrições de crianças pequenas*. Poster presented at 67^a Reunião Anual da Sociedade Brasileira para o Progresso da Ciência, São Carlos, Brazil.
[Title translation: Effects of vocal models in passive voice versus active voice contingent consequences on young children descriptions]
- Dal Ben, R., Calixto, F. C., & Ferreira, A. L.** (2015, July). *Subutilização de uma revista popular de divulgação científica por analistas do comportamento*. Poster presented at 67^a Reunião Anual da Sociedade Brasileira para o Progresso da Ciência, São Carlos, Brazil.
[Title translation: Suboptimal use of a popular scientific communication outlet by behavior analysts]
- Dal Ben, R. & Benatti, L.** (2015, May). *A importância da relação entre pesquisa e prestação de serviços em análise do comportamento*. Talk given at the 13rd Jornada de Análise do Comportamento da UFSCar, São Carlos, Brazil.
[Title translation: The importance of close connections between research and application in behavior analysis]

- Dal Ben, R.** & Goyos, A. C. N. (2015, May). *Usos do termo reforçamento automático nas propostas de Skinner sobre o comportamento verbal*. Poster presented at III Jornada de Análise do Comportamento da UEL, Londrina, Brazil.
[Title translation: Uses of automatic reinforcement in Skinner's explanations of verbal behavior]
- Dal Ben, R.** & Goyos, A. C. N. (2015, May). *Authorship trends in the analysis of verbal behavior: 1982-2013*. Poster presented at 41st Annual Convention of the Association for Behavior Analysis International, San Antonio, USA.

ONGOING RESEARCH PROJECTS

- Dal Ben, R.**, Souza, D. H., & Hay, J. (in preparation). *Speech segmentation and cross-situational word learning in parallel with English speakers*.
- Dal Ben, R.**, Souza, D. H., Hay, J. (in progress). *Systematic Review and Meta-analysis on Cross-situational Word Learning (from 2007 to 2022)*. See [MetaLab](#), for partial results.
- Dal Ben, R.**, Lany, J., & Hay, J. (in progress). *Pupillometry as a tool to measure statistical learning in infancy*.
- Prequero, I. T., **Dal Ben, R.**, Souza, D. H., & Cunillera, T. (in progress). *Statistical Learning and Electrophysiology measures: Speech segmentation, cross-situational word learning, and event related potentials*.

TEACHING AND MENTORSHIP

Courses taught

BHS310 – Quantitative Methods for Behavioural Science: Winter 2022, 2023 (Ambrose University)

Details: Undergraduate level. Course designed to give students a basic understanding of descriptive and inferential statistics. Emphasis on practical applications, analyses, and interpretation of basic statistical analyses.

PS220 – Child Development: Winter 2023 (Ambrose University)

Details: Undergraduate level. Course designed to give students a foundational understanding of child development, with focus on empirical developmental science and practical case-studies.

BHS240 – Research Methods: Fall 2022 (Ambrose University)

Details: Undergraduate level. Course designed to give students a basic understanding of Research methods, including problem definition, literature review, study design, data analyses framework, and scientific reporting.

BHS410 – Basic Multivariate Statistics: Fall 2022 (Ambrose University)

Details: Undergraduate level. Course designed to give students a basic understanding of multivariate statistics. Emphasis on practical applications, analyses, and interpretation of research using multivariate statistics.

PS121 – Introduction to Psychology: Winter 2022, Fall 2022 (Ambrose University)

Details: Undergraduate level. An introductory course exploring the nature and process of the human mind and behaviour. A survey of psychological research, physiological processes, basic principles of learning, memory, thinking, language, and intelligence, life-span development issues, personality, psychological disorders and related therapy, and social psychology.

Research Methods in Psychology and Special Education: Spring 2016 (Faculdades Integradas do Vale to Ivaí)

Details: Course taught at a graduate level, for students pursuing a specialization in Behavioral interventions for children with developmental disabilities. Students were introduced to research ethics, design (between- vs. within- vs. single-subject), intervention, experimental control, data visualization, and descriptive analyses. Students were mainly Psychologists, Speech Therapists, and Occupational Therapists working with children with developmental disabilities.

Basic Learning Processes: Fall 2015 (Universidade Federal de São Carlos)

Details: Course taught at the Psychology undergraduate level. Students were introduced to the principles of respondent (reflex) and operant learning; to the behavioral variation and selection framework (selection by consequences); the concept of repertoire; and to specific procedures such as stimulus pairing, simple and conditional discrimination, shaping, reinforcement, punishment, extinction, behavioral chaining, and stimulus equivalence.

Experimental Analysis of Behavior: Fall 2013 (Faculdade Pitágoras)

Details: Course taught at the Psychology undergraduate level. Students were introduced to the behavioral variation and selection framework and were taught the principles of operant learning during experimental laboratory sessions using non-human subjects and the “Skinner box”. Some of the specific procedures taught were: simple and conditional discrimination, shaping, reinforcement, extinction, and behavioral chaining.

Guest lectures

Open Science, Collaboration, Diversity, and Inclusion: Fall 2020 (Concordia University, Montreal)

Details: Lecture on how Open Science practices can promote collaboration, diversity, and inclusion in Psychological science. This lecture was part of a course on Open and Reproducible Research in Psychology offered to undergraduate and graduate students.

Psychological Theories on Learning and Development: Fall 2016 and 2017 (Universidade Federal de São Carlos)

Details: Lectures on behavioral approaches to learning and development. The lectures covered the classical theories by Pavlov, Watson (methodological behaviorism), and

Skinner (radical behaviorism); and also contemporary theories such as Equivalence Relations by Murray Sidman and cols., and Relational Frames Theory by Barnes-Holmes and cols.

Language Development: Fall 2016 and 2017 (Universidade Federal de São Carlos)
Details: Lectures on Statistical Language Learning, covering perceptual attunement, speech segmentation, cross-situational word learning, and phonotactics.

Workshop & Colloquium

Navigating career changes while working from home – Summer 2021 (Center for Research on Brain, Language, and Music & Concordia University, Montreal)
Details: The colloquium discussed the differences, advantages, and down-sides of changing careers while working remotely. Dr. Dal Ben opened the colloquium presenting his experience when transiting from grad school to a postdoc and from a postdoc to a faculty position.

Running experiments online during the COVID-19 pandemic – Spring 2021 (Universidade Federal de São Carlos, Brazil)
Details: The colloquium discussed research strategies and software that can be used to enable reliable online data collection. Dr. Dal Ben opened the colloquium presenting how he uses *Psychopy* and *Pavlovio* to run behavioral studies remotely and the strategies he uses to ensure participant attentiveness and compliance.

Pre-registering your study: Why, how, and what if? – Fall 2020 (Center for Research on Brain, Language, and Music & Concordia University, Montreal)
Details: The workshop covered the process of pre-registering a study, including the reasons and means for doing it, as well as how to deal with deviations from a pre-registration. Researchers at all levels attended the workshop, from undergraduate students to Associate professors.

Graduate supervision

Isabella Toselli Prequero (MA, 2022-present; Universidade Federal de Sao Carlos)

SERVICE

Graduate supervision

Isabella Prequero Toselli, Universidade Federal de São Carlos (MA co-supervisor, 2022-present)

Reviewer for journal (ad hoc)

Infancy
Languages

Scientific Committee

PsyArXiv – Moderation Chair
Canadian Poverty Institute – Research Associate

Community workshop

Teaching reading with comprehension to children from low-income families (Fall 2012,
Centro Universitário Filadélfia)

Campus representative

Association for Psychological Science, UFSCar – 2018-2019
Graduate Program in Psychology, UFSCar – 2015-2016

Event organization

/L+/ international summer/winter school on language acquisition – 2021
<https://www.dpss.unipd.it/summer-school-2021>
III Symposium on Infant Development at UFSCar: Language development and acquisition
– 2017

OTHER SKILLS

Statistics

Proficient in a wide variety of techniques for statistical analysis, such as linear regression, ANOVA, mixed-effects models (linear, logistic), generalized additive mixed-models (nonlinear relations), Bayesian mixed-models.

Programming

Designing Psychological experiments: Psychtoolbox (MATLAB), Psychopy (Python), Experiment Builder (SR Research)
Designing online experiments: Psychopy (Python) and Pavlovia (GitLab)
Statistical analysis, visualization, wrangling, modeling, reproducible reports: R, R markdown, and Shiny Apps
Version control: git, GitHub, GitLab
Image processing: MATLAB and Python.
Website design: markdown, yaml, html (& css)

Languages

Portuguese: Native Language

English: Advanced Listener, Advanced Speaker, Advanced Reading and Writing

Spanish: Intermediate Listener, Novice Speaker, Intermediate Reading and Writing

Italian: Intermediate Listener, Novice Speaker, Intermediate Reading and Writing
